ALL-HEALING
Ointment,

FOR THE CURE OF Colds, coughs consumptions, for scrofula, scurvy, and all cutaneous eruptions; of bruises, burns, ulcers, sores of all kinds, and general or local debility.
The celebrated Ointment has a most striking effect upon the blood, in cleansing it from all impurities, upon the salivary fluid, which it lubricates the joints and takes removes stiffness, soreness & pains upon the lymphatic gangs or glands, promoting the free and healthy secretion of the lymphatic fluid, and thus removes swelling of the glands about the neck, the groins, the axilla or under the arm about the ear, and all other parts of the body.
This All-Healing Ointment is equally efficacious in promoting the secretions of the kidneys, relieving from retention of urine, and by restoring the tone and function of the urinary organs thus preventing incontinence of urine. It is equally efficacious in acting upon the nervous system by curing neuralgia, St. Vitus's dance, palsy, paralysis numbness or want of feeling or power of motion from some local or general affection of the nervous tissue. It acts with great power on all the fluids and solids of the body, and attacks disease in whatever part located, whether on the surface or internal organs.
We speak the things which we know of the astounding efficacy of this justly celebrated invaluable and worthily named "ALL-HEALING OINTMENT." The innumerable pains that have been assuaged, the ten thousand sufferers relieved and cured, and the more than ten thousand hearts which have been comforted and cheered by its salutary efficacy, testifying to the truth of all, and more than all, herein asserted.

DR. CUMMINGS'S
Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these other vegetable origin are combined, designed to render them more active, and consequently more immediately effective.
The Dock, or rather a species of it, now in use as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.
For many years the proprietor has tested in practice the efficacy of the principal substance of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of combining them, which has resulted in the production of this compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.
A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract need not be relied on, and less liable to decomposition, when procured by subjecting the root to the action of the menstruum usually employed in extracting this valuable for a long time, without heat or any other accelerating agent. None is permitted to be used in this compound, that has not been obtained by this process, and that has been less than a year in preparation.
The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections, Eruptions, Mercurial diseases. Also for the train of maladies arising from sedentary employments, irregularities of a harassing and fatiguing nature, too close application, exposures to extremes of heat and cold, overtasking the physical powers and all abuses of the constitution among which are General Fatigue, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or indigestion.
In diseases of warm climates, with which the proprietor became familiar in his practice in various long voyages, the compound would be particularly efficacious, both as a remedy and preventative.
This medicine has been for some time in use in this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.
Prepared only by Dr. Stephen Cummings, and sold at wholesale and retail by Joshua Durgin & Co. No. 143 Middle street, and Edward Mason, No. 1 Middle street—only agents for Portland.

Important Letter.
Messrs. CURTIS & SMITH
Dear Sirs,—I herewith enclose you a few lines relative to your "Downs' Elixir," which, for the benefit of the suffering, if you think worthy you are at liberty to make public. About a year and a half ago my mother began to ... [illegible] ... we began greatly to fear for her life. Her symptoms were, bad cough, pain in the side and stomach, night sweats and other premonitory signs of pulmonary consumption. We consulted the best physicians, who gave her little or no relief, and finally pronounced her case incurable consumption. She continued to become weaker and the symptoms more confirmed.
(About this time, by the suggestion of a friend, we concluded to try Downs' Elixir. Having procured a bottle from your agent (S. & Byron) [illegible] she commenced taking it. At first it seemed only to increase the severity of the symptoms, but in a short time her health began evidently to improve. It cured her cough ... and greatly improved the tone of the whole system. After having continued the use of it for ... nearly a year, she felt herself cured. She is now able to go about the house and superintend affairs as usual. Under God we believe that to Downs' Elixir, alone, she owes the preservation of her life and the restoration of former strength and energy. We have since used it in our family in other cases for which it is recommended with ... success. Yours truly,
(Signed) SWAIN P. NORDSTROM.
The above is only one of a thousand similar letters which we are constantly receiving, from all parts of the country, almost daily.
DOWNS' ELIXIR is unquestionably the best article known for the cure of *COUGHS, COLDS* and *CONSUMPTION.* It is more certain to give relief in all cases of *ASTHMA*—often a perfect cure—than any thing hitherto offered to the public.
In cases of *"WHOOPING COUGH"* it needs only to be tried to give it preference over all other remedies. It speedily breaks up the cough, and renders a ... thing, what is otherwise a scourge and terror. For the *CROUP* it is a positive cure. We speak with confidence, for it has never failed, and we believe never will, when used according to directions.
Pamphlets, giving a full description, to be had of agents in almost every town and village in the country, and of the following, who are prepared to sell at wholesale or retail.

MONDAY, JUNE 5, 1848.

Battle of Buena Vista.

Captain James Henry Carleton, a citizen of Bangor, of the U S Dragoons and who was actively engaged in the great Battle of Buena Vista, has tasked his active and well disciplined mind in writing an accurate, faithful, and graphic history of that battle. Captain Carleton it is well known, spent most of the past winter in this city in rewriting this history and giving it its finishing touches. He is our personal friend and we have enjoyed the opportunity of reading the manuscript and of examining the maps accompanying it, and which have been drawn by the highest topographical skill in the country, and from actual measurement upon the ground. There is scarcely a possibility for the slightest error of fact in this whole thorough and intensely interesting and exciting history. It is unquestionably the history of that battle, that is destined to live through all time, and the only history of it that ought to be read.

Our own opinion of the work is well expressed in the following notice which appeared in the Boston Atlas for the first of June —

BATTLE OF BUENA VISTA.—We have had the pleasure of reading a manuscript account of this battle, by Capt Carleton, of the U S 1st Dragoons, who was on the field. Seldom have we read a work of which the success seemed to us more certain. The reader feels its accuracy. The interest never flags from beginning to end, and the ever-shifting pictures of the combat are as vivid and distinct as if drawn by the pencil and not the pen. Words painting is a rare talent. In this instance, it is the result of modesty, keen observation, exact adherence to truth, and a personal and professional enthusiasm for his subject. The heroes of the battle-field rise up before one in a way to [illegible] reality. It is the very best that the Peace Society could publish.

It affords us, we will confess it, unmixed satisfaction to find that the long years of patient toiling, and hard study and strict discipline of our gallant young friend are rewarded by enabling him to produce a work which every where receives the unqualified approbation of the minds best fitted to judge of the merits of such a work as we know this does. Many many thousands will read this work with as much calm reliance upon its truth stamped facts, as upon an authentic document. They will delight in its occasional suggestive picturesque touches, while the frequent passages of pathetic interest will touch the hearts of the poets and painters of our country.

We think that it will be found that one great characteristic of this work is, that while each class of readers will delight in it as a luminous and beautiful whole, manifesting well sustained modesty, talent, good taste and truthfulness, each will find the details of his special department in an eminent degree correct and polished.

It is no magniloquently wrought description of the glory of our side. It shows how intense and sober a thing a great battle is. It shows candor in speaking of the Mexicans and their operations. It is such a history as will bear the brunt of time, the assaults of critics in the world over, and establish the reputation of its accomplished author equal to the desire and beyond the expectation of most of his friends.

☞ Twenty-one millions of dollars in specie arrived at the quarantine ground on Saturday last, in one small vessel, Swedish bark Skandia, Capt Eastman, from Amsterdam. It was the property of only 35 of the 169 passengers on board. It consisted of fifty two million five hundred thousand guilders, mostly in ten guilder gold pieces.—[N Y Sun.

That is a pretty large story. The weight of the gold alone would be something like fifty six tons, and supposing each of the owners to have an equal share they would have over three thousand pounds each. That is so much more than usual as to make us doubt the story.

☞ Dr. Mann states that the most alarming and incurable disease he meets with in his practice, is medicine. There is, beyond question, much truth in the remark, and although we think the Doctor says many foolish things, he certainly is not wide of the mark in the following except in his naming the effect instead of the cause, disease —

It is an universal truth, and we invoke the reader to remember it, that any and every deleterious substance taken into the human system, creates an action of the system to throw it off—to get rid of the foreign substance. This action, created in the first place by taking a hurtful substance, is no more nor less than disease. The system is excited by no substances, as much as medicines, and we therefore, assert that medicine is the most alarming disease which ever entered the imaginations of poor, humbugged, quacked humanity.

Fever, is the result of medicine, in nine cases out of every ten. When the system gets completely charged with corrupt foreign substances, it makes a desperate effort to rid itself of the impurities.

☞ The Cultivator for June, has been received from the editors Messrs. Tucker and Howard. It has a rich table of contents, and is a work that even, with out very limited attention to the culture of the soil, we find exceedingly interesting and valuable. We see not how any man who cultivates five acres, can think of getting along without this work. It is published monthly, in Albany, New York, at one dollar a year.

☞ The Norridgewock Physician and Miscellany, an independent locofoco paper says, that if the Whigs nominate Gen Taylor, the Loco party in that District will need every vote within its power of obtaining in order to elect a member of Congress. This shows the state of feeling in Maine, on the inroads which Gen Taylor will make upon the honest and true hearted portion of the Loco party.

☞ The new and magnificent steamboat Senator will this evening leave Portland for this city, taking the place of the Charter Oak, in connection with the Railroad. The Senator will undoubtedly reach here in good season tomorrow morning, and an opportunity will probably be afforded to-morrow for our people to visit this new boat, which is said to surpass all other boats which have ever visited the 'good' east waters.

☞ There was great enthusiasm manifested when General Scott reached Frederick. The turn out of the people was very large, and the General was greeted with cheers loud [illegible].

☞ The Locofoco party all over the country seem to be [illegible] over the nomination of Lewis Cass to the Presidency. The [illegible] pelled and dissatisfied.

The editor of the New York Globe, a free paper in New York city, who was at the Baltimore [illegible] speaks his mind [illegible] the subject:

"We have witnessed the outrage upon the Radical Democracy of our State, and also the [illegible] of the [illegible] conventions pledging themselves to [illegible] the true delegates. They spurned the pledge, [illegible] and Dingley, and the [illegible] up to [illegible].

The nomination of Gen Cass, outside of the walls of the building in which it was made received not a single cheer. [illegible] the church [illegible] and cheers for Gen Taylor [illegible]. From the time Cass was nominated [illegible] this city [illegible] the hotels, in the [illegible] Lewis Cass was placed [illegible] not [illegible] the Democracy [illegible] the [illegible] Universalist church in [illegible] the Democratic [illegible] Delegates with drew from the Convention.

We have but a few words to say respecting the outrage upon our [illegible] in the [illegible] Convention, [illegible] supporting the nomination [illegible] New York was thrown out [illegible] the Democracy of the State would not have [illegible] candidate. We tell our readers that it is as impossible to elect the Baltimore nominee as it is to rait a boat up the Niagara Falls with a crowbar. They cannot be elected. If every [illegible] the State [illegible] the result would not be changed. Lewis Cass will want from fifty to one [illegible] and votes of carrying the Electoral tickets of New York. A revolution in parties is at hand. The honest of all parties will [illegible] together and the Democracy of the Union will become perfected."

The Loco Foco Leaders and Gen Taylor.

The Somerset People's Press thus refers to the leaders of the loco party and Gen Taylor:—

"In reply to the inquiry of a democratic friend whether Col Sawtelle while in Congress would censure Gen Taylor for his conduct at Monterey, we would state that he did not vote, unless his name is erroneously [illegible] among the Yeas.

The [illegible] of the Loco party has ever been [illegible] and we could never account for it [illegible] with the old Gen [illegible] growing popularity [illegible] polity [illegible] of General Taylor's during [illegible] Mexico, [illegible] character [illegible] his lust to alter the terms of capitulation at Monterey. He wished to [illegible] the [illegible] at Monterey, Bragg and [illegible] the field of battle, and dress [illegible] with [illegible] Adams [illegible] the [illegible] reenforced [illegible] had a spirit of internal revenge [illegible] ey, [illegible] We verily believe that this [illegible] was [illegible] have no doubt it is characteristic [illegible] Gen Taylor [illegible] more admiration [illegible] the battles he has fought and [illegible] the river Del Norte [illegible] Adams [illegible] character [illegible] his [illegible] deleg[illegible]

The poor Man's Hymn.

BY C D STUART.

Why for a hoard of gold, should I
Like yonder squalid miser cry—
Or for the purple vestment sigh,
That sting the monarch's soul with care?

Can the mean pleasures of their gems,
Their stately shapes that ride the seas,
Their sceptres, nor their diadems,
Add, or take aught away from me?

These are my wants— a simple scroll,
My food, my raiment, and a hearth,
Where, with the chosen of my soul
I proudly rise above the earth!

There are my riches—in the vales
The hill sides you are grained with gold—
And white [illegible] on the gales,
Bring all that's needful to my fold!

This is my fold—the heart within,
Where unwavering gladness that dwells my own
Are gifts I need not strive to win,
And wealth, are worth on this a throne!
